BABY-LOC[®]
REMOVABLE FENCING

PROTECTION WHEREVER AND WHENEVER YOU NEED IT

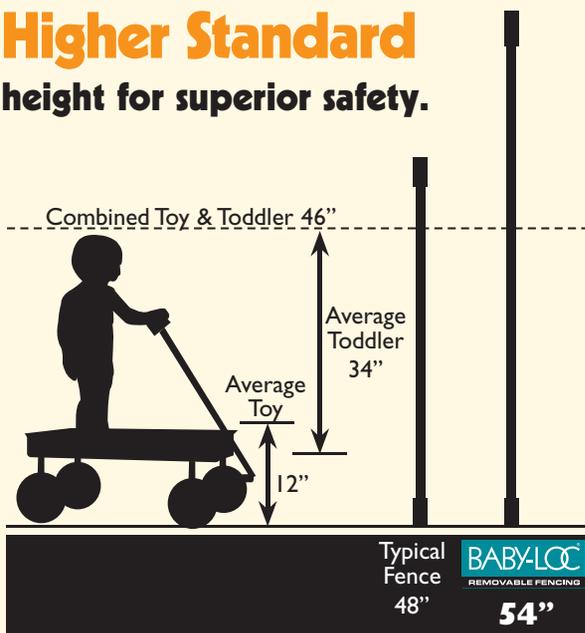

When it comes to keeping kids safe, there is no substitute for adult supervision. But no parent can be everywhere, every minute! BABY-LOC Removable Fencing is a convenient, cost-effective additional layer of protection to help deter toddlers from gaining access to a swimming pool.

BABY-LOC is also the perfect choice for a raised deck or dock. Neutral black see-through mesh blends beautifully with any decor.

Built To A Higher Standard Extended fence height for superior safety.

Standard pool fencing is built to a 4-foot height. Yet it's clear most toddlers can easily scale a fence this high! BABY-LOC meets all ASTM standards and exceeds U.S. Consumer Product Guidelines with a height of 4-1/2 feet to better protect your children.

Unique Self-Latching Magnetic Gate

As an option, BABY-LOC offers the most reliable self-closing, self-latching gate available. The unique latch uses a powerful magnet which requires very little force to secure. It's also key lockable. Injection molded hinges can be easily adjusted with a screwdriver for just the right amount of force - so the gate closes and latches itself, every time!

MADE FROM THE HIGHEST QUALITY MATERIALS AVAILABLE

Superior poly-coated, open-weave mesh black fabric

offers high tensile strength and excellent UV stability. Won't rip, stretch or fade! Resists mildew, fungi and bacteria. And cleaning is a breeze!

Choice of premium fiberglass or aluminum poles.

Both types are non-corrosive, rust-proof, and color-matched to our black fabric.

Solid brass double-ended latches

with stainless steel spring-loaded trigger mechanism will never rust or corrode.

High-quality black polyester bonded thread

adds strength and stability.

Matching, neutral-colored caps

fit snugly into deck sleeves when fence is removed.

BABY-LOC is simple to put up and take down – and it easily rolls up for fast storage when not in use.

BABY-LOC is so durable, it comes with a 5-year manufacturer's warranty!
