

Nicheless Underwater Light

Model 3640 100 Watt/12 Volt
Halogen Swimming Pool Light

The ProHayward 3640 Nicheless pool light offers ultimate installation convenience with one screw mounting and no niche required. The light is ideal for private pool use and suitable for pools with concrete, plaster or tile finish walls.

PROHAYWARD

The PROHAYWARD 3640 Nicheless light is fitted with a 100W/12 volt halogen lamp to provide effective pool lighting. Water flows through the rim to help eliminate stagnant water and provide effective cooling for the light housing to assure longer lamp life.

The light is easily mounted onto a rugged bracket for simple installation. The PROHAYWARD Nicheless light has 3.2 meters of cord and features a clear lens standard to brightly illuminate the pool water. Interchangeable snap-on colored lenses are also included to enhance the pool water's color and appearance.

The nicheless underwater light is a good choice when equipment value, installation convenience and dependable performance is demanded.
